EXECUTIVE SUMMARY

With over 12 years of experience across diverse industries, I am a seasoned Software Product Owner with a proven track record in **Geospatial Software, IoT, and RFID technologies**. My expertise spans product lifecycle management, solution design, and cross-functional team leadership. I specialize in delivering innovative solutions for sectors including **Asset Management, Underground Infrastructure, Pipeline Integrity, and Financial Services**. I am adept at integrating technologies such as GIS and RFID to optimize operations, enhance asset lifecycle management, and improve fieldwork accuracy. My background in Agile methodologies, technical documentation, and customer-facing roles positions me to drive the development of next-generation connected products.

TECHNICAL SKILLS

- Geospatial Software Tools: ArcGIS Enterprise, ArcGIS Pro, ArcGIS Online, ArcGIS Dashboards, ArcGIS Velocity, ArcGIS Data Pipelines, Survey123, Field Maps, Quick Capture, ArcGIS Experience Builder, Mapbox, QGIS Desktop.
- RFID Technology: UHF, NFC and LF Technology.
- Programming/Scripting: Python, SQL, ArcPy, R, ArcGIS Arcade, PySpark, ArcGIS API for Python.
- AI Agent Frameworks: SmolAgents, LlamaIndex, LangGraph, LangChain.
- Asset Management Tools: Cityworks, IBM Maximo.
- Cloud Platforms: Azure (IoT Hub, Event Grid, Queue Storage, Data Factory, ADLS Gen2).
- Data Visualization Tools: Tableau, MS Excel.
- Databases: PostgreSQL, SQL Server, ChromaDB.
- Version Control/Collaboration: JIRA, Confluence, Trello, GIT, SubVersion, MS Project.

EXPERIENCE

Berntsen International — *Madison, WI*

Software Product Owner (Oct 2018 – Present)

Product: InfraMarker RFID

- **Goal:** Streamline asset management workflows for Public Works and Utilities using RFID technology, providing real-time data and enhancing operational efficiency.
- **Solution Development:**
 - Led the end-to-end product lifecycle, managing integrations with **Esri GIS products** (Esri Field Maps, Survey123, and ArcGIS Dashboards) to improve fieldwork accuracy and compliance.
 - Developed integrations with **Biomark PIT RFID readers** for seamless data capture in the aquaculture industry, expanding the product's application to fish and wildlife conservation.

- Designed and launched an automated RFID data capture solution that integrates **fixed and truck-mounted readers** for hands-free scanning, with operational data visualized through **ArcGIS Dashboards**.
- Developed an interactive, **ChatGPT-style technical documentation system** to assist customers and internal teams.
- **Strategic & Customer Facing:**
 - Acted as a **technical expert** for the sales team, supporting pre-sales activities and developing customer proposals.
 - Evaluated the business case for new features and managed partnerships with companies like Biomark and Esri.
 - Provided crucial customer support for product implementation and served as a **Subject Matter Expert (SME)** on asset management, field data collection.
- **Impact:**
 - The solution design garnered Berntsen [High Potential Award for Substantial Opportunities for Growth](#) at the Esri Partner Conference 2022.
 - A customer project for the Standing Rock tribe, which used InfraMarker for tagging fossils, was the subject of an [award-winning RFID case study](#) nominated by HID Global at the AIM Global conference.
 - Gained adoption from several **State Fish and Wildlife departments** and is in use with early customers in **Public Works Sector** for automated scanning workflows.

ADDITIONAL RELEVANT EXPERIENCE

Department of Industrial & Systems Engineering – University of Wisconsin Madison – Madison, WI
 Graduate Research Assistant | Sep 2017 – Aug 2018

Berntsen International – Madison, WI
 Business Analyst | Aug 2016 – Jul 2017

Department of Aviation and Supply Chain Management – Auburn University – Auburn, AL
 Graduate Research Assistant | Aug 2014 – May 2016

TATA Consultancy Services Ltd. – Bangalore, India
 Business Analyst, Banking Customer | Dec 2008 – Jul 2014

EDUCATION

AUBURN UNIVERSITY, RAYMOND J. HARBERT COLLEGE OF BUSINESS – AUBURN, AL
 Masters in Management Information Systems | May 2016 - GPA: 4.0/4.0

VISVESVARAYA TECHNOLOGICAL UNIVERSITY – BELGAUM, INDIA
 Bachelor of Engineering in Electrical and Electronics | June 2008 - GPA: 3.7/4.0
